Hi Steve,

I'm checking in regarding the timeframe for Treasury's initial response to our FOIA. If I calculated your extension request right, a response was due last week on April 5. When do you anticipate being able to send a response, even if at this point it's just correspondence between Treasury and board members?

Thanks so much,

Natasha,

Nice chatting with you and Carla today regarding your FOIA request.

Please let me know if you agree with my summary of our conversation and the steps we agreed to.

I advised that the FOIA request is unduly broad and asked if there was any way to narrow the request. I suggested narrowing the request to a search of correspondence between Treasury employees and the current members of the Financial Oversight and Management Board for Puerto Rico. You replied that you are amenable to us conducting such a search but that you did not want to narrow the FOIA request to just those records. Instead, you suggested that Treasury conduct such a search and after reviewing the records released, you would reach out to me to discuss a further narrowing of the FOIA request.

Cheers.

Steve
